The Private Dining Room

Our Private Dining Room is an ideal and unique venue to hold both a smaller wedding in its entirety or to play a part in a much larger event. It's lodge theme with high wooden beams and chandeliers help create a wonderful intimate atmosphere, aided by a courtyard giving it a lovely outdoor area when the weather permits. The room can either be set up for smaller groups with a long wooden table down the middle giving it a grand feel or with separate tables set with tablecloths for a more traditional affair.

The Marquee

A marquee can provide its own special feeling to any occasion. Here at The Bickerton Poacher we can help to organise a marquee to suit your requirements. It is increasingly popular to combine the use of the marquee with our Private Dining Room and also accommodation in our B&B or on our campsite! It can deliver a very flexible space with all kinds of combinations. A dance floor and your own personal bar for you and your guests are all options to consider. Be as imaginative as you wish, we are here to help you bring the wedding you've always dreamt of to life.

Be Exclusive

We can offer our unique venue as a whole for your wedding day, our pub and restaurant have the ability to be transformed into a wonderland and the doors will be closed to the public for you to have a private event for you and your guests right in the heart of the Bickerton Hills and beautiful Cheshire countryside.

Here at The Bickerton Poacher we pride ourselves in efficiency and quality from start to finish. We offer bespoke packages tailored completely to you, and we are here to help take the pressure off your wedding planning!

Wedding Breakfast

We have a variety of food and beverage options for you to choose from and can cater for all dietary requirements. If you are looking for something in particular for your wedding breakfast, please feel free to tell us and we will do our best to accommodate your request.

Evening Reception

Would you prefer a stylish yet relaxed affair with laid back music, canapes and cocktails? Or an all-night party celebration with a live band and barbeque? Whatever you have in mind we will help you bring it to life, modern, traditional, or completely quirky, we are here to help! Whether you are looking for a friendly, intimate wedding, an extravagant day with lots of guests or even something completely quirky and out of the ordinary. We are here to help make sure that your day is as magical as it can be.
